

Senior Native App Developer (m/f/d)

Join us on an exciting journey to shape the future of streaming! Founded in 2022, we are a pioneering company specializing in shoppable content and in-stream bonus feature technology tailored for video streaming services. Our mission is to enhance viewer engagement, generate actionable insights, and drive revenue for our partners in the streaming industry.

Job Summary

The Senior Native App Developer will play a crucial role in designing, enhancing, and maintaining our technology and user experience on different CTV and mobile platforms. This role requires substantial experience in developing native mobile and CTV applications and a commitment to delivering high-quality software. Preference will be given to candidates willing and able to work onsite in our Potsdam/ Babelsberg office at least 50% of the time.

Responsibilities

- ▶ Implement and expand native applications for iOS, Android and different CTV OS (Samsung, LG, Fire TV, etc.), maintaining high standards of quality.
- ▶ Maintain our native applications throughout the entire product lifecycle.
- ▶ Develop and maintain native SDKs, frameworks and documentations.
- ▶ Establish test environments for unit tests and integration tests.
- ▶ Collaborate to improve development processes within an agile, cross-functional team.

Key Skills and Tools

- ▶ A degree in Computer Science or a comparable technical qualification
- ▶ Strong understanding of established software development principles such as SOLID, YAGNI, and DRY
- ▶ Several years of experience in developing native applications
- ▶ In-depth knowledge of native SDKs and frameworks (including Swift, SwiftUI, Java, Kotlin, Jetpack Compose, Tizen, webOS)
- ▶ Independent, structured, and solution-oriented work style
- ▶ High attention to quality
- ▶ Excellent communication skills
- ▶ Proficiency in English

Good to have

- ▶ Experience in developing test automation solutions
- ▶ Prior experience with online retail or the media industry
- ▶ Proficiency in German

Why Join us?

Be part of a startup at the forefront of streaming and shoppable content technology. Work in a fast-paced, innovative environment with ample opportunities for professional growth. Collaborate within an agile, cross-functional team dedicated to creating impactful products.
